GROUP
LARGER
THAN
58PAX

Groups larger than 58 have to book either the inside area or the deck
so a minimum spent is required of ldr 750.000 (Around 60 USD) per
person. This is included tax and services.

You can make a choice from the second menu for 1 starter / 1 main
course and 1 dessert. Other option will be to do alternate serve where
you can select 2 options. It is also possible to make choices from the
canapé / tapas menu combined with a main course and / or dessert
(This is only possible with an early/sunset booking). Out of experience we
know that taking orders and preparing a la carte choices for such big
groups take lots of time so by minimizing / giving no choices it doesn't
only benefit the quality of the end product but also the appreciation of
our guests since dinner service will run much smoother. Of course we will
take notice of dietary restrictions and or allergies. If you inform us 1 day in
advance we will have other options available.

No outside entertainment is allowed to be brought in, nor microphone
speeches or own music. If you want all this freedom an exclusive booking
is required.
